

November 2005

End of Life Notification

Raidtec Solutions 160GB SATA DISK DRIVES and associated 160GB variants of CS3102 and SNAZ S4 and S8

Please be advised that, effective from 30th November 2005, the supply of 160GB Disk Drives and associated variants of **CS3102** and **SNAZ S4** and **SNAZ S8** is discontinued and these variants are “End of Life” (EOL).

Reasons:

The **160GB disk drives** used in these variants are declared EOL by the relevant disk drive manufacturers and will shortly become unavailable. The enhancement in entry level in the Raidtec Solutions products from 160GB to 250GB has been enabled by disk drive development and the resulting purchase cost reductions are being passed on to our customers.

Product Line Changes:

- CS3120 disk drive range of 160GB / 250GB / 400GB is upgraded to 250GB / 400GB / 500GB as of 1st November 2005.
- SNAZ S4 and S8 entry level disk drive is upgraded from 160GB to 250GB as of 1st December 2005.

Discontinued Product Model Numbers:
