

June 2004

## End of Life Notification

### Raidtec SNAZ E4

Please be advised that, effective June 2004, the supply of the Raidtec Corporation **SNAZ E4** NAS appliance and associated Options and Accessories was discontinued and that the product line is now formally “End of Life” (EOL).

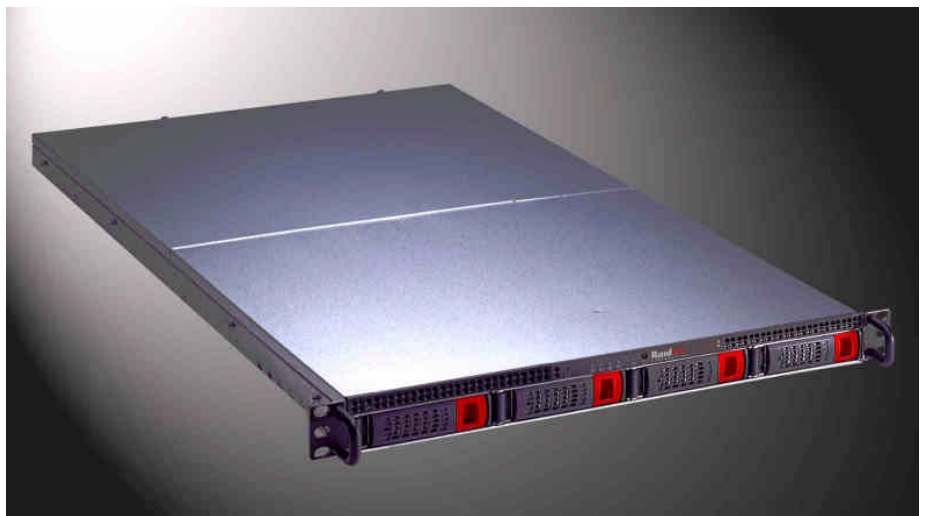

#### Reasons:

All materials consumed.

#### Product Line Changes:

The SNAZ E4 is a 1U NAS device using 4x IDE disk drives and Raidtec’s proprietary SNAZ OS v3 designed to deliver file services to client users through a Gbit Ethernet interface.

To upgrade or replace this product, Plasmon recommends SNAZ S4-400.

#### Discontinued Product Model Numbers:

Models	Description
Main Variants: <b>RSDZ</b> – xxxx – xxxx	<b>SNAZ Pro E4 NAS</b> ( where xx are options)

**Last shipments of E4:** June 2004

#### End of Support:

Plasmon commits to provide Service, Spares and Technical Support for SNAZ E4 for 3 years from the date of shipment and in any case **no longer than July 2007**.

For more information or clarification please see [www.plasmon.com](http://www.plasmon.com) or contact Plasmon Support or your Raidtec Solutions Area Sales Manager.
