

July 2006

## End of Life Notification

### SNAZ S4-350 and S8-350 with SNAZ OS v4.0

Please be advised that, effective 30<sup>th</sup> June 2006, the Raidtec Solutions **SNAZ S4-350** and **S8-350** NAS filers with **SNAZ OS v4.0** & associated Accessories and Upgrades, are “End of Life” (EOL) in EU territories requiring RoHS compliance. In territories where RoHS compliance is not required then EOL is 30<sup>th</sup> November 2006.

#### Reasons:

The SNAZ S4-350 and S8-350 are non-RoHS.

The S4-350 is replaced by Plasmon’s RoHS compliant, smaller, quieter and higher performance S4-400.

The S8-350 is replaced by Plasmon’s RoHS compliant, double capacity, higher performance and more compact S12-400. The associated upgraded SNAZ OS v4.02 now supports both the established S-350 field population and new S-400 family

#### Discontinued Product Model Numbers:

Models	Description
Variants with <b>RJSZ-TRc0- xxzz</b>	<b>SNAZ S4-350</b> , 4 Bay SATA NAS Filer, 1U 19” rack where <b>c</b> represents Cache: G = 512MB, H = 1GB, I = 2GB <b>xx</b> represents the number of disk drives and <b>zz</b> the model of disk drive
